SAKATA'S FINEST LISIANTHUS

The popularity of Lisianthus, The Special Flower, continues to grow and grow. Consumers love the fine, elegant look of single varieties or versatile double Lisianthus, the 'Rose Without Thorns'. Fringed and ruffled special types complete the wide assortment, with a Lisianthus suitable for every occasion. Stunning as mono-vases or perfect in mixed bouquets, there is no end to the possibilities.

Sakata's wide assortment of Lisianthus covers the wide range of Lisianthus types available. Including the market leading rose-shaped series 'Rosita' and 'Piccolo', the long established standard in single Lisianthus, the innovative assortment also includes speciality brands like 'Alissa' and 'Rosanne', which are growing enormously in popularity.

Sakata's Lisianthus assortment is suitable for a wide range of climatic conditions and growing techniques, for Dutch greenhouse 'forcing' production but also with varieties specially suited to warmer production in Southern Europe or Israel, for example. We have created an attribute guide which you can find on the fold-out flap of this brochure, designed to be placed conveniently next to the series you are viewing, to help you select varieties on factors such as seasonality, geographical region and climate, flower size and shape, and other cultural aspects. We trust that this will assist you in making the choice for the right genetics for your growing environment.

The websites lisianthus.eu, Sakata's dedicated product website, offers you the very latest updates on the assortment, as well as cultural information, marketing news and inspiration for the trade and florists.

We wish you every success in growing and selling The Special Flower, Lisianthus!

STANDARD DOUBLE LISIANTHUS

Sakata has a long and illustrious history in breeding Lisianthus and was a leader in the creation of the first double flowered varieties in the 1980s. Since that time, Sakata has developed a wide range of double Lisianthus series, now offering an assortment with an ideal selection for any season and a broad range of climates. Please see the assortment guide to help select the right series for your needs.

SINGLE FLOWERED LISIANTHUS

Single flowered Lisianthus is the closest 'living relative' to the botanical ancestor of Lisianthus, the Prairie Gentian. With its fine single flowers it offers an elegant, chic alternative for classic bouquets, arrangements or the popular field bouquets. Sakata's single Lisianthus varieties have strong stems, hard petals and good disease tolerance, meaning that the only fragile part of these beautiful flowers is the look!

EUSTOMA GRANDIFLORUM F1

PICCOLO®

Piccolo® is the market standard for single-flowered Lisianthus. The delicate flowers and wide colour range make it the best known and most trusted brand for buyers and florists. Transports well with less risk of damage or disease.

SOLO

Solo® is the first pollen-free series in the world, and the next generation in single-flowered Lisianthus. Solo's flowers produce no pollen, which means no mess, no stains and an even better vase life. All other characteristics match 1 on 1 with Piccolo, the market standard for single-flowered Lisianthus. The delicate but strong flowers transport well with less risk of damage or disease.

Group 2
- Single, medium-flowered
- Flowers are pollen-free, no mess, no fuss
- Next generation of single-flowered Lisianthus
- Good transportability
- Hard flower petals, less risk of damage
- Versatile – attractive for mono vases, combines well with just about everything in mixed bouquets
